BUSINESS SECURITY & AUTOMATION

Take your business security to the next level! Keep an eye on your property, employees, and customers. Worry less about security and overall safety to prevent crimes, theft, and break-ins with NVR from Home Telecom.

NVR SURVEILLANCE (Network Video Recorder)

We can customize a surveillance package specifically for your business. With our selection of cameras, you will have the coverage you need for any situation that arises. We have options for monthly leases or for purchase. The presence of surveillance can deter crimes and set a controlled tone, preventing potential problems.

WHY SHOULD YOU CHOOSE NVR?

- ➔ *Assist police in capturing a criminal*
- ➔ *Reduce theft by customers and employees while creating an environment of honesty*
- ➔ *Keep your data, money and products safe*
- ➔ *If you feel you are wrongly accused of being responsible for a mishap on the premises, you may review the surveillance for visual evidence*
